PORTFOLIO

Universidad Panamericana was founded in 1967 as a business school named as the Panamerican Institute for Executive Business Management (Instituto Panamericano de Alta Dirección de Empresas).

UP has four campuses that serve about twelve thousand students in thirty-three undergraduate academic programs. The main Mixcoac campus in the Benito Juárez borough of northern Mexico City, founded in 1968; the Guadalajara campus established in 1981; the Aguascalientes campus established in 1989; and Campus Santa Fe, also in Mexico City, founded in 2011. It also has the School of Management of Institutions (Escuela de Administración de Instituciones).

ISSUE:

The university had very important information scattered; we required to centralize and organize it

SOLUTION:

We design and developed a resource management platform for the institute's researchers, which was linked-up with events, newsletters, articles, and a researchers info directory,

MANIFEST OF AGILE DEVELOPMENT

We are uncovering better ways of developing software by doing it and helping others do it.

Through this work we have come to value:

Individuals and interactions over processes and tools.

Working software over comprehensive documentation.

Customer collaboration over contract negotiation.

Responding to change over following a plan.

That is, while there is value in the items on the right, we value the items on the left more.
